To Whom It May Concern:

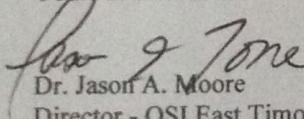

It is with great pleasure that I am writing this reference letter for my esteemed colleague, Kate Joicey. I must say here that I am very pleased to be writing this for her and remain grateful for the opportunity to narrate my thoughts on one of the finest teachers I have met and have had the pleasure to work with.

I have known Kate Joicey, in my role as Director of QSI International School of Dili. Mrs. Joicey has been a member of the faculty, as well as taking on a leadership role within her grade level and the school as a whole. Mrs. Joicey has worked hard to develop programs and strategies to motivate her diverse set of students. She is tireless worker, energetic, and positive with amazing organizational abilities. She has had experience in professional development, accreditation, curriculum development, and project based/mastery learning models. Through these experiences she has proven her professionalism, resourcefulness and leadership, which has earned her the respect of students, parents and faculty.

Mrs. Joicey is known among her students for maintaining the highest academic standards in her classroom and challenging her students to think beyond their academic textbooks. The result of Kate's commitment and work with her students is on par with those of the highest caliber and academic standards in research and practice.

In conclusion, allow me to give my highest recommendation to Kate Joicey. In her professional capacities she is responsible, organized and committed to any task or project she undertakes. Any institution would be fortunate to have Kate as a member of their faculty. If you have any questions please feel free to contact me at +670-735-2300.

Yours in Education.

Dr. Jason A. Moore
